

## **II. VOLÚMENES DE TRÁNSITO REGISTRADOS EN LAS ESTACIONES PERMANENTES DE CONTEO DE VEHÍCULOS**

## II. VOLÚMENES DE TRÁNSITO REGISTRADOS EN LAS ESTACIONES PERMANENTES DE CONTEO DE VEHÍCULOS

Con el objeto de conocer el comportamiento de las corrientes de tránsito durante todo el año, se instaló un conjunto de aparatos automáticos contadores de vehículos, distribuidos en diferentes tramos de la red carretera. Con este mismo propósito también se dispone de los volúmenes de tránsito que se registran en las plazas de cobro de Autopistas y Puentes de Cuota, que constituyen una de las fuentes más completas de información, en virtud de que su sistema de operación exige una clasificación detallada del tipo de vehículos que utilizan las obras a su cargo. Esta Información, entre otras aplicaciones, es utilizada para correlacionar sus variaciones con los resultados de los conteos vehiculares de siete días que se efectúan en la red de carreteras para hacerlos representativos para todo el año.

Los datos registrados en esta sección bajo el rubro “Estaciones Permanentes de Conteo de Vehículos en Autopistas y Puentes de Cuota” fue proporcionada por Caminos y Puentes Federales de Ingresos y Servicios Conexos y por la Dirección General de Servicios Técnicos.

Para facilitar la consulta de esta información, en el mapa índice se indica la ubicación de las plazas de cobro con un número que sirve de referencia para localizar su información correspondiente, la cual se presenta en cuadros que contienen lo siguiente:

1.- TDPA.- Tránsito Diario Promedio Anual 2021.

2.- CLASIFICACIÓN VEHICULAR EN PORCIENTO.- Se refiere a los tipos de vehículos que integran el tránsito, conforme a la siguiente simbología.

| TIPO DE VEHICULO | DESCRIPCION               |
|------------------|---------------------------|
| M                | Motos                     |
| A                | Automóvil                 |
| AR               | Automóvil con remolque    |
| B                | Autobuses                 |
| C2               | Camión de dos ejes        |
| C3               | Camión de tres ejes       |
| C4               | Camión de cuatro ejes     |
| C5               | Camión de cinco ejes      |
| C6               | Camión de seis ejes       |
| C7               | Camión de siete ejes      |
| C8               | Camión de ocho ejes       |
| C9               | Camión de nueve ejes      |
| VNC              | Vehículos no clasificados |

3.- VTA.- Volumen Total Anual de vehículos registrados en 2021.

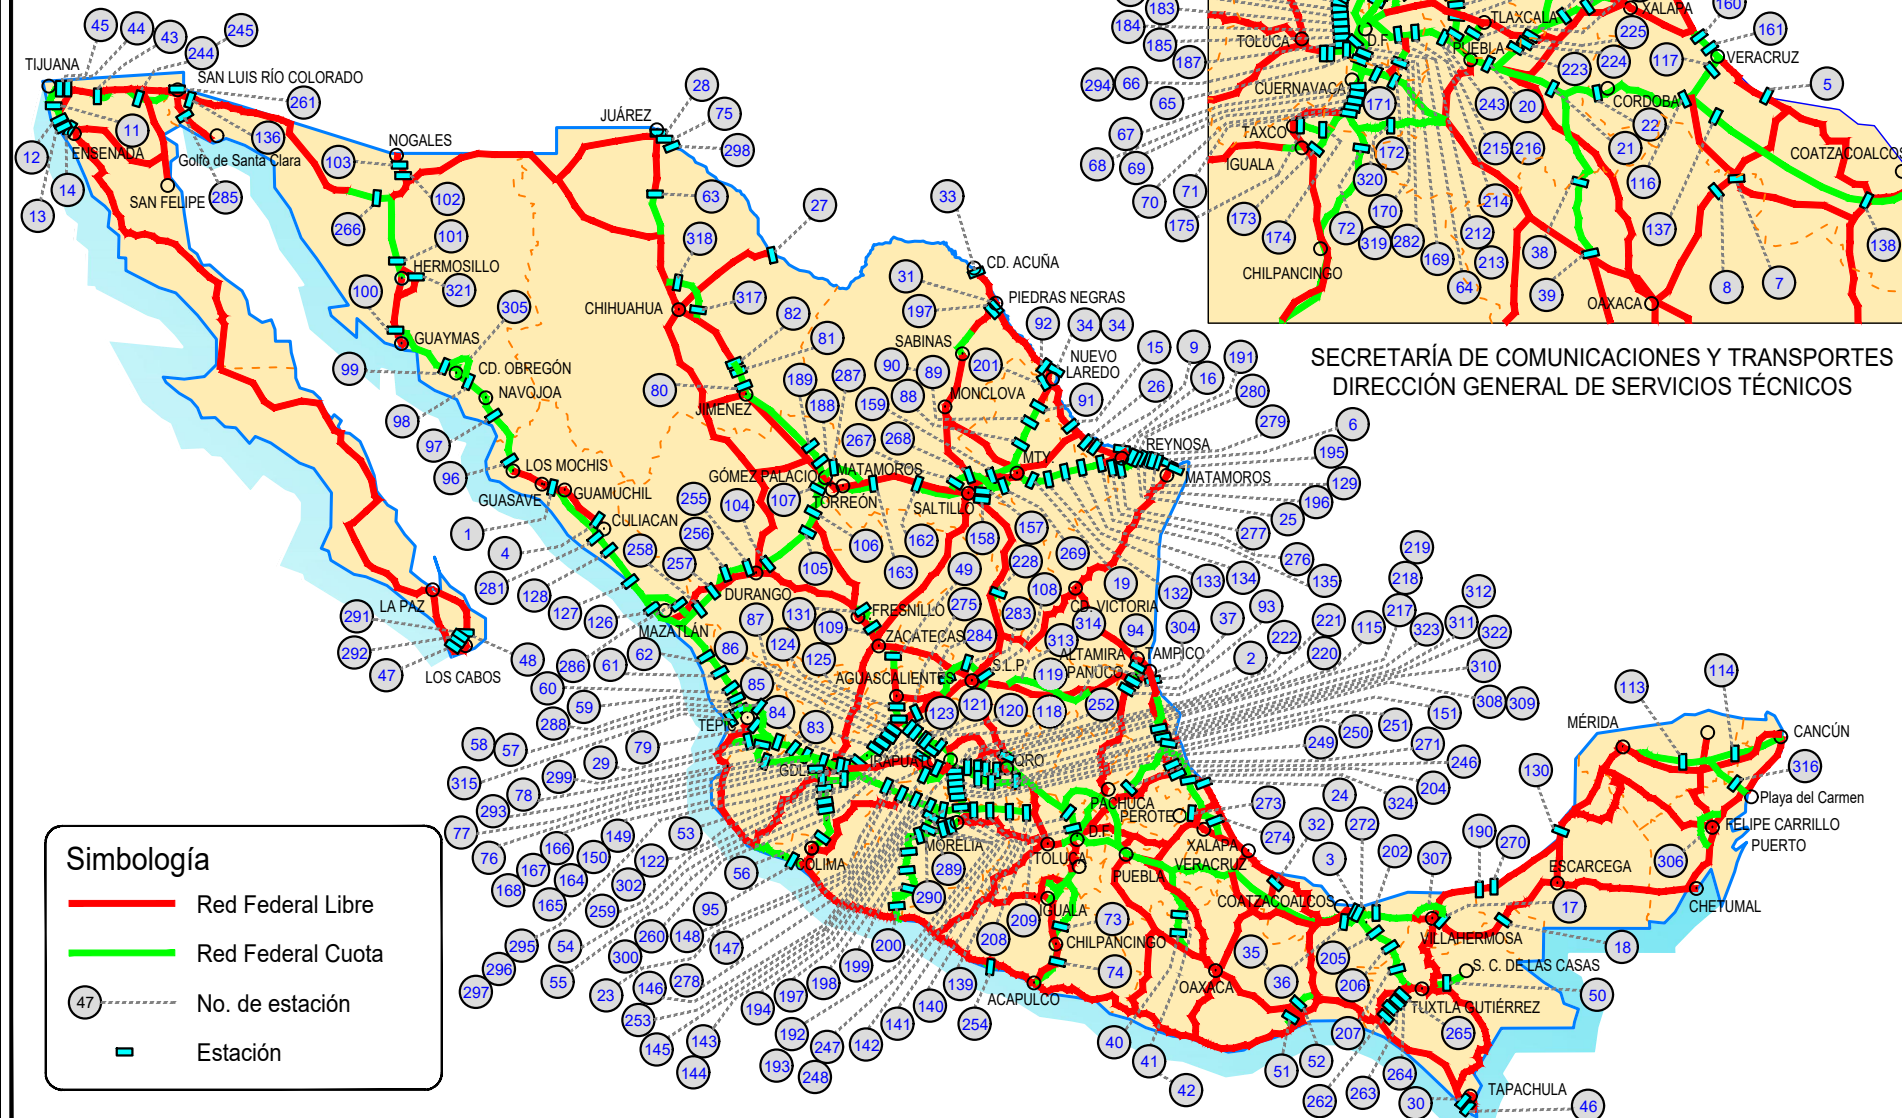

4.- VOLUMEN DE TRÁNSITO MENSUAL EN PORCIENTO.- Es el por ciento de vehículos registrados en cada mes.
